The reckoning of the people has drawn near to them _____

Allah loves his creation; therefore, He provided sources to fulfil their needs. Human beings are the best of creation, greatest in need in both worlds; Allah has bestowed them with the five senses, intellect and with the divine revelation of books, prophets and with the final book and with the final prophet, Muhammad (S).

Also, Allah has warned them to hasten in using the sources to gain success in this world and the life hereafter. Allah has said: "The reckoning of the people has drawn near to them while they are in negligence, turning away (from its signs)." (21:1)

Therefore, it is our duty to use our senses and intellect to acquire knowledge of the Deen. This means to understand the divine revelation of the Holy Quran and the message of the holy prophet Muhammad which is the only source of success in both worlds. We then have to implement this in our lives, so that we are living according to the commands of Allah.

What should we do now?

Due to this reason the effort which takes place at Waylen Street masjid/madrassah is of great importance. The reason being is that the children are acquiring vital knowledge which will be beneficial for them in this world as well as the hereafter. _____

However, more effort is required for this institution. We must not become negligent, since there are many important things which need to be done. It is our responsibility to ensure that the building project which is currently on-going is completed as soon as possible. This will provide important facilities which are currently unavailable, for example, facilities for the ladies, enough classrooms and comfortable places for the children to learn etc.

Now, our responsibility is to get personally involved with this effort without assuming that someone else will do it. We should start by giving our time, money, and children and fulfil all the needs of the institution. _____
May Allah give us the ability to understand and do what has been mentioned above.

Musafir: A traveller, who travels 48 miles, will do Qasr. Qasr means to cut short. During Travel Salatul Zohar, Asar and Esha are cut short from 4 Rakaat to 2 Rakaat the rest remain the same. Shortening of prayer cannot begin until the person has left the city-limits.

Wataan of Asli: The Wataan of Asli or primary home is the place which one considers his main place of residence. That is the place where one lives with his family or the place where one has moved to with his family with the intention of settling there for good.

If one does not live with his parents then the residence of his parents will not be Wataan of Asli.

A person may have more than one Wataan of Asli. For example, if a person has two wives and both wives are in different cities then both cities will become Wataan of Asli, so, whichever city he enters he will be a muqem (resident) even though he may only be there for one day. (A T Guide: Mufti Ahmad bin Md)
